Indian Summer Sailing

Probably the quietest, most sheltered harbor on the coast of Buzzards Bay, Quisset Harbor in Falmouth is host to sailing year round. This port is tucked away sheltered by the land mass of Cape Cod which protects it perfectly from the force of the southern storms and it is sheltered on the north by a stretch of land that is set aside for a nature trail.

for a walk and a picnic. Boats are moored in this harbor year-round and the sailors race on a regular basis through the months of winter.

The nature trail is open to the public but parking is extremely limited so the Fall and winter months are really the best time to enjoy it unless you plan to sail in.

The above photo on this page shows the inner harbor quiet as a pond. The photo, below left, is of the Falmouth shore looking south, toward the canal, with waves lapping the beach.

The easiest way to reach Quisset Harbor, by land, is to proceed towards Woods Hole after passing through Falmouth, and look for the sign on the right reading Quisset Harbor. This will be seen just before reaching the golf course.

INTO FAMILY EYE CARE

Should a person own more than one pair of glasses?

Definitely, they should. If a pair of glasses is broken, stolen or lost a person should have a back up pair to get them through until the original pair can be replaced.
Other instances when a person would need to own more than one pair of glasses would be if they participate in any active sport or work in certain occupations which require the use of safety glasses. The lenses used in these glasses are different from those used in regular glasses. They are constructed of a special material which will withstand impact from projectiles without breaking

Town Clerk Lois Ennis said the 81% voter response was just "great." "This is the highest percentage since 1970 when 78.5 percent voted", Ms. Ennis said.

The town clerk said there were no lines waiting to vote, even at the early hour of 7 a.m. when the polls opened for working voters, but at 5 p.m. there was a little wait.

She noted her office distributed voting information in the schools and printed the questions and a form to take to the polls in the Presto Press. "I think most people came prepared with notes on how they wanted to vote on the questions. The number of blanks showed people didn't want either of the candidates or the candidate was unopposed."

Ms. Ennis said there has been some movement in the state to include on the ballot a category NOTA, "None of the above" as there is now in some states.

Holiday Hours Extended

MATTAPOISETT SELECTMEN'S MEETING NOVEMBER 5, 1990-by VIRGINIA MORGAN

It's still only November, but the Board of Selectmen last Tuesday were looking ahead to the Christmas and New Year's holidays by extending the hours package stores may be open on the Sundays before the holidays, December 23 and December 30.

A state Alcoholic Beverages Commission (ABC) regulation permits package stores to remain open December 23 and December 30 with the approval of the local licensing authority (the Board of Selectmen).

Mrs. Anne Mooney, owner of Freddie's Package Store, explained personally speaking she did not want to remain open on those Sundays, as she feels they should be family days, but if other stores will remain open she will be open also. "Personally speaking, no; but business-wise, yes."

Selectmen Chairman John DeCosta noted of the two other package stores, Romeo's would choose to open and Village Package is not in favor of Sunday opening. Board members commented that it is surprising that the

state ABC can tell an employer how much to pay an employee who works on those Sundays and the regulations governing that employment. Selectmen agreed the opening would be beneficial to the townspeople.

Selectmen also voted to permit establishments serving alcohol to remain open until 3 a.m. on New Year's Eve. This permit is for restaurants and clubs,. not stores.

Executive Secretary Carol Adams noted this extension from 12 midnight has been the custom for many years and has never been a problem, and if there is any disturbance, the business will be closed immediately. That's a rule the establishments all follow and understand, she added.

Additionally, Selectmen voted to close the Town Hall on the Mondays preceding Christmas and New Year's. Both holidays fall on Tuesdays.

Selectmen noted the highway, water and police departments would be subject to contract negotiations regulating holiday time off.

gallon tank and could cost $350 to be tested; smaller tanks, such as the 2,000 gallon one at the sewer pumping station, would cost $200. The problem, the chief noted, is that a tank has to be "topped off" to be tested, an intricate job to do, but no one can afford to top off the tanks at today's prices. The tank at the police station is less than the required age of 13 years to be tested annually.

Selectmen agreed to seek clarification on state regulations before making any decision on the testing.

ACCEPTED A DESIGN sketch by Ken Pacheco of Village Signs for a sign designating the police station to be located at County Road (Route 6) and the police station driveway. The sign, 16 inches by 4 feet, will have appropriate lighting installed. The cost of $475. will come from the contingency fund of the police station construction contract.

The suggestion for the sign came from Ozzie Gingras who told Selectmen at a recent meeting he had heard that some people thought the station building was the town hall, and that a sign should be placed on Route 6 designating the police station.

AGREED TO ALLOW the United Way to place a "thermometer" on the Town Hall

Selectmen asked that Jeff Riley, who made the request, inform the board of the length of time the sign will be up and the dates of the campaign.

SIGNED A PROCLAMATION proclaiming the week of November 11-17, 1990 as American Education Week. All citizens are urged to observe this week with appropriate activities and to renew their commitment to the education of every child.

The Proclamation reads: America's public schools serve all of the children of all of the people; and the strength of a community is measured by the schools it keeps; and the schools of the 1990s need broad citizen support to meet the diverse needs of today's families and to help each student achieve his or her potential; and educational excellence is built on the involvement of the entire community, including parents, business leaders, elected officials, public service personnel and senior citizens; therefore, the Board of Selectment proclaim American Education Week November 11-17, 1990.

Housing Questionnaire

AT STATE ELECTION POLLS

The Tri-Town Area Housing Survey forms were distributed at the voting polls in Marion, Mattapoisett and Rochester on Election Day, November 6th. Some have been filled out and deposited at the Town Clerk's office in Mattapoisett Town Hall, said Town Clerk Lois K. Ennis.

Town Clerk Ennis said the forms were distributed in the afternoon only in Mattapoisett but said she is encouraged by the number of people reached and feels this was a good group to hear from.

The nine question survey is being conducted by the Marion/Mattapoisett/Rochester Housing Co-op, Inc. to determine the extent and types of the need for affordable housing in the tri-town area. The Housing Co-op

is not sponsored by the town nor the state and does not use funds from either government body. The Co-op is a local and private initiative and all responses are confidential.

Mattapoisett Selectman Bernard F. Talty is on the Co-op Committee, but is not officially representing the Board of Selectmen. He attends as a private individual. He remarked that about 1,000 forms were distributed in the afternoon at the polls at Old Hammondtown School The co-op is a group of interested citizens and bank representatives doing an independent study on how many potential first home buyers live in the area.

The questions ask if a person is a homeowner or renter; how long you have lived in the area; do you work in the area; size of your family; age of persons and average income. All information is confidential and does not require the person's name - just statistical information.

Additional forms may be obtained at the town halls in the three towns and returned to the same place.

Mattapoisett Tax Bills

The Mattapoisett Board of Assessors is working on a preliminary tax bill which will be sent out within the next two or three weeks.

As we are still working on the state mandated revaluation for January 1, 1990, and knowing the taxpayer wishes to make payment before the end of the year for income tax purposed, this process has become necessary. It is also imperative that revenue be generated for the Town.

The Assessors are still working on the process of bringing the property values in line with the Real Estate market of January 1, 1990.

The estimated bill is based on ½ of last year's value. The actual bill will reflect new values and a new tax rate.

HAZEL HUNT, STAFF MEMBER, HONORED

The Marion Library Association board honored Hazel Hunt at the November monthly meeting. Miss Hunt, recently retired from the Elizabeth Taber Library staff after eighteen years of service at the circulation desk, attended the board meeting as a new trustee.

Miss Hunt was instrumental in initiating Home Service to the housebound. Elizabeth Taber volunteers now bring the library to the borrower who may be unable to visit the library.

The trustees are planning a winter program for Elizabeth Taber members beginning with an evening on "Writers and Writing", led by Ralph Townley, on Thursday evening, November 29th, at 7:30 p.m. upstairs in the library building. A second program will feature slides and a talk on visiting China "for $90. a week".

Your Mattapoisett Recycling/Composting Committee met at 7:40 at the Town Hall on November 5th. Town recycling and school recycling was discussed. Existing programs are currently being used in many area schools. (After all, this is where "recycling" starts)

We met with Joe Gallant of ABC Disposal and Jim Martin of A.W. Martin, Inc. Once your committee "zeroes in" on a collector, we'll be able to start recycling at our landfill. This should be very soon - so keep saving.

"A Heavenly Christmas"

This beautiful Pysanky Easter Egg in a velvet lined brass box is one of the three items donated in the grand raffle at St. Anthony's Christmas Bazaar. The Ukranian tradition of painting psyanky is passed from mother to daughter. The designs are actually written on the egg and dyed in several colors. Ms. Luice Moncevitch is the local artist responsible for the beauty of this Pysanky egg.

CHRISTMAS CARDS FOR SERVICEMEN/WOMEN

Through a suggestion from Nancy Rocha, a resource room aide at Old Hammondtown School, Mattapoisett students in Mrs. Thayer's art classes have made early Christmas cards. These cards will be sent to Saudi Arabia and distributed to American service men and women.

Students designed their own Christmas cards and wrote thoughtful messages on the inside. Colorful envelopes were made from the pages of recycled Smithsonian magazines.

TRIP AROUND THE COUNTRYSIDE

The children were in the midst of a trip through the countryside of Tarrytown reading about the people of the sleepy little town when Mrs. McGraw said, "Let's have a Sleepy Hollow" party; so we did.

The children had talked about the serene yet peculiar Dutch settlement, its colorful characters: the enthusiastic Ichabod Crane, the coquettish Katrina Van Tassel, the mischievous Brom Bones, and the many tales that circulated among the superstitious townsfolk.

CRICKETS
CREATE OPPORTUNITY FOR LEARNING

The sound of a cricket chirping in Mr. Tate's third grade classroom at Rochester Memorial School was the beginning of an exciting unit of study for his students. Mr. Tate captured their enthusiasm by developing a variety of lessons around the cricket. The students generated a series of questions such as how do they chirp, where do they live and how can you tell if it is a male or female cricket. The reading, math, science and spelling lessons for the week centered around the cricket. Mr. Tate and the class researched the answers to their questions by asking parents, students and teachers, as well as looking information up in the encyclopedia. The math lessons had the students weighing and measuring crickets along with graphing their performance in a variety of activities. It was exciting to see students

They brainstormed possible events to challenge the skills of their favorite crickets. The students built walks, swings, ladders, mazes and swimming pools to test the athletic abilities of their crickets. The Cricket Olympics were held on Friday and the students crowned their champion cricket named Charlie.

THIRD GRADE CHORUS
ENTERTAINS AT VILLAGE COURT

The Center School Third Grade Chorus, under the direction of music teacher Mrs. Jean West, visited Village Court on Thursday, October 25th, to present a luncheon concert of their favorite songs. They enjoyed singing their music with the senior citizens who provided a very warm and enthusiastic audience.

The third grade children work for one hour a week on their choral music, learning correct singing and performance techniques. We are pleased to have the opportunity to share the results of our hard work with our friends in Mattapoisett.

Center School's Third Grade Chorus is also preparing for several Christmas concerts in the area. On December 4th we will be singing for the Women's Guild of the Congregational Church, and on December 13th for the senior citizens' Christmas Party at St. Anthony's Church.

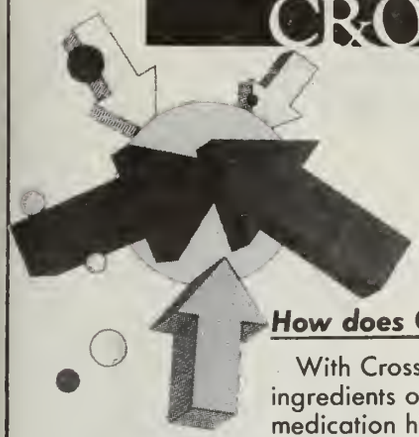
HERE'S THE PRESCRIPTION TO AVOID THAT COSTLY MISTAKE.

CROSS-CHEK™



We're Protecting You!

What is Cross-Chek™?

Whenever you receive a prescription for a new medication, you take a risk — a risk of a potentially severe drug-to-drug interaction. For your protection, our pharmacy has installed Cross-Chek™, a computerized system that checks for drug interactions.

How does Cross-Chek™ protect me?

With Cross-Chek™, we can instantly compare all ingredients of previously prescribed drugs in your medication history to all ingredients in the new drug. In just a few seconds, we are warned of potential interactions and are referred to several major references prior to consulting your physician. The result — you can have more confidence that the prescribed drug will work for you, rather than against you.

What can I do to protect myself?

The more we know about your medication history, the more effective Cross-Chek™ becomes. You can help by giving us a list of all prescription drugs you are taking and visiting the same store each time you fill a prescription. We will save this information to protect you from future drug interactions.

Cross-Chek™ helps us give you personalized protection. It may even save your life!

Holiday Rubbish Schedule

Because of the Veterans' Holiday this past Monday, rubbish pickup in Mattapoisett will be one day later. Rubbish usually picked up on Thursdays will be picked up on Friday and rubbish usually picked up on Friday will be picked up on Saturday, for this week.

Food Collection has begun

"ANSWER THE NEED"

To celebrate America's tradition of Thanksgiving, Plymouth Savings Bank began the "Answer the Need" program six years ago. The program extends from November 1st through January 1st and customers and friends are being asked to share non-perishable food items with less fortunate members of the community.

Food collection barrels are in the lobbies of each of the 14 Plymouth Savings Bank offices. Because of the heavy demand for food which goes beyond the holiday season, the hope is that food supplies will be sufficient for distribution through the winter.

Plymouth Savings Bank is asking local residents to donate non-perishable food items such as canned meats and tuna, peanut butter, jars of spaghetti sauce, canned fruits and vegetables, catmeal, macaroni and cheese, rice, coffee and dry milk.

"This food collection program has been extremely successful in the past", said Bank President Thomas S. Olsen, "and, again this year, we urge all who can to help us respond to the needs of our neighbors."

In the Mattapoisett area, food distribution is being handled by St. Anthony's Food Drive.

TAKE ADVANTAGE OF YOUR BENEFITS

Most veterans know about U.S. Department of Veterans Affairs (VA) disability compensation. Compensation represents payments to veterans resulting from disease or injury incurred or aggravated during their military service. The amount of com-

pensation varies according to the degree of the disability and ranges from 10 to 100 percent.

What many may not be aware of is another program for WARTIME veterans - one that may result in greater monthly benefits than received through the payment of service-connected disability compensation at the lower percentile rates.

This program is commonly known as non-service-connected disability pension (NSC pension). The purpose of NSC pension is to provide financial help, based on need, to veterans who have at least 90 to 120 days of active duty depending on which wartime period they served in. The veterans must also be permanently and totally disabled for employment purposes as a result of a disability not related to their military service, and provided certain income provisions are met. A veteran 65 years of age or over is presumed to meet the disability requirements for the payment of pension, but must still meet the income provisions.

The maximum annual pension rate for "Improved Pension" for a single veteran is currently $6,767.00. For those veterans who are housebound, the annual rate has increased to $8,271 and to $10,824 for those in need of regular aid and attendance of another person. All rates have been increased by an additional $1,530 for Mexican Border and World War I veterans. The Improved Pension program was established so the pensioners would generally receive benefits equal to the difference between their

annual income from all sources and the income standards set by Congress.

For those who would receive special pension payments for being housebound or in need of regular aid and attendance under certain circumstances may be entitled to outpatient treatment. Further, those receiving aid and attendance allowance may also be entitled to prosthetic and sensory aids, such as wheelchairs, walkers, and laser canes. While there may be certain advantages, including increased monthly benefits, under the current pension program this may not be so in every case. As income and dependency status may change from year to year, it may be wise to thoroughly investigate all advantages or disadvantages prior to electing pension under current law.

If you believe that you may not be receiving all the VA benefits that you should, contact your local Veterans' Service Office. In Mattapoisett and Rochester the number to call is 758-4114.

ARE YOU IMMUNE TO COPAYMENTS?

Most veterans receiving health care at VA medical centers do not make copayments. The Veterans Health Care Amendments of 1986 (38 U.S.C. 610), enacted in April 1986, provided that veterans are not required to make copayments, even if their income exceeds the allowable limit, provided they meet one of these circumstances: have service-connected disabilities; are former prisoners of war; are veterans of WWII, the Spanish-American War of the Mexican border

STUDENT SELECTED ALL-STAR

A Rochester resident was among student athletes at Old Colony Regional Vocational-Technical High School selected to various Mayflower League All-Star Teams for the fall season.

Shane Ingham was selected to the Golf All-Star Team as a result of his strong play during the 1990 season. Shane, a sophomore in the drafting department, was also a team leader during the Mayflower League's Play-Off Championship. The Cougars placed first in the play-off.

Shane will be recognized for his selection at Old Colony's Fall Sports Banquet scheduled for November 15th. The Cougars' golf team is coached by John Abary.

SUICIDE PREVENTION TECHNIQUES

Recently English teachers at Old Colony Regional Vocational-Technical High School were trained in suicide prevention techniques. The Facilitator, a Samaritan, provided the training. The training consisted of two video presentations along with teachers' discussion. Each teacher received a packet of helpful information that will help them to identify potential suicide problems. The facilitator discussed basic myths about suicide and he helped the teachers to recognize important signs that may lead to possible suicide problems.

This training is at no cost to the district, and is made possible through grant money from the Governor's Alliance Against Drugs

The keynote speaker and a foremost Asian writer, Maxine Hong Kingston, read from her latest novel, Tripaster Monkey, then offered her interpretation of the portions she read. She also answered questions the audience had relating to her novels and writing experiences. She stated she hoped her books would be like the Fake Book jazz musicians use - A basis of ideas for others to build from, hopefully to make positive life changes.

Other participants were Donald Goellnight who read his paper comparing the female subjects in the works by Joyce Kogawa (Japanese American) and Maxine Hong Kingston (Chinese American), and Amy Ling who shared the lives of the Eaton sisters, Chinese-Canadian citizens, one who created a Japanese identity for herself as an author because the Japanese were more accepted than the Chinese.

FIFTH ANNIVERSARY EXHIBITION

The Nemasket Gallery is pleased to announce the opening of its Fifth Anniversary Exhibition - Elin Noble & Barbara Eckhardt-Connections - on Friday evening, November 16th, from 6:00 to 8:00 p.m. The exhibition of new work by two of southeastern Massachusetts' most important fiber artists runs through January 10th.

Elin Noble and Barbara Eckhardt represent the main currents of textile art - surface design and weaving. They are both superb teachers and artists who have exhibited nationally and internationally.

Elin Noble, who holds a Bachelor of Fine Arts degree in Textile Design from the University of Washington, Seattle, works in a variety of media. Her bookbinding, papermaking and Indigo Shibori pieces all bear the hallmarks of her precision, balance, and elegant, discriminating sense of color and pattern. Her designs are influenced by her travels and life abroad, particularly in the Orient. She specializes in the technical aspects of surface design and color chemistry.

Ms. Noble has taught in the Elderhostel Program, at the Brookfield Craft Center, the Brockton Art Museum, the Swain School of Design and at Southeastern Massachusetts University.

Her major exhibitions include the Guild of Book workers, New England Chapter, Traveling Invitational at the Rhode Island School of Design Museum and the University of Michigan Gallery, 1989/1990; "personal Packaging" at the Schweinfurth Memorial Art Center, Auburn, New York, 1989, and "Fiber National '88" at the Adams Memorial Gallery, Dunkirk, New York.

Barbara Eckhardt is an Assistant Professor at Southeastern Massachusetts University, Textile Department. She holds a Bachelor of Fine Arts degree from the Cleveland Institute of Art and a Master of

Bobby Greene & Coleus have thrilled audiences and colleagues with their dynamic and fresh approach to composition, arranging and performances. The concert runs from 8:00 to 11:30 p.m. Tickets are $10.00. Limited tickets will be available at the door; however reservations are suggested. All proceeds will benefit the Nemasket Group which is located at 56 Bridge Street, Fairhaven, corner of Bridge and Green Streets.

Bobby Greene, saxophonist and composer, is one of southeastern Massachusetts' favorite and most respected musicians. Drawing from over twenty years of solo and ensemble performances in the jazz, blues, Latin and fusion fields, his music is guaranteed to set the audience jumping.

In the winter of 1974 Mr. Green formed the group Coleus to serve as a creative outlet for his compositional and performance skills. Comprised of saxophone/keyboards/vocals (Mr. Greene), electric guitar (Stan Belmarce), electric bass (Bill Miele), congas/percussion (Danny Schwartz) and drums/cymbals (Rusty Russo), Coleus is a unique ensemble that performs original material designed for the saxophone as both featured and lead instrument.

Bobby Greene and Coleus are currently touring New Bedford public schools and southeastern Massachusetts/Rhode Island colleges and universities. This tour has received enthusiastic response and warm recognition.

The five-year old Nemasket Group , which provides supported employment and individual support services to 80 persons labeled developmentally disabled, is fighting for its survival with a $500,000 fund raising campaign. The campaign is to offset the damage caused by a 20% cut in state funding which will take effect on January 1, 1991. The

"ANNE OF GREEN GABLES"

Come join the Wareham Recreation Department's Junior Drama Club for an exciting presentation of "Anne of Green Gables". The play will be held on Friday, November 16th, at 6:30 p.m. in the Memorial Town Hall Auditorium.

The Drama Club has been rehearsing for the past ten weeks under the capable direction of coaches Joyce Wirth and Sandy Jackson. Mrs. Wirth and Ms. Jackson are both very active with local adult drama and feel that "Anne of Green Gables" is the best junior production thus far.

In addition to the main attraction, a short play which has been written and produced by one of the club members will be performed. The evening will conclude with an improvisation by each actor and actress.

Come cheer on our future stars. Admission is free. For more information contact the Recreation Department at 291-3186.

support to sustain shortages from public programs." To provide an overview of the problem and the need, Tobey is offering reprints of a speech delivered by Mr. Kinney on the crisis in health care and how Tobey Hospital is coping. To obtain your free copy, please call the hospital's Public Relations Office at 295-0880, extension 205.

In our community, the spirit of philanthropy is evident in the generous support for Tobey Hospital's Annual Fund and benefit events, the activities of the Tobey Guild and Friends of Tobey, Inc., and the success of the campaign to fund the new emergency/radiology addition. All gifts help with the purchase of new equipment, the expansion of programs and services, and building additions. Community hospitals like Tobey cannot survive without community support.

Everyone is at risk for emergencies and ill health. Who can afford not to ensure optimum health care will be available when we need it? Deciding to support your local hospital is the first step. Once you've decided to give, what's the best way? Tobey Hospital's Development efforts have expanded to include numerous programs for giving, from campaign pledges and annual gifts to its new Business Council. Whale Preservation Center

TO BE ESTABLISHED IN PLYMOUTH

The Old Dartmouth Historical Society, parent of the New Bedford Whaling Museum, announced that it will establish a Whale Preservation Center in Plymouth, MA. In making the announcement, Anthony M. Zane, Director of the New Bedford Whaling Museum, said, "The new facility will be dedicated to telling the story of man's age-old relationship to this greatest of modern mammals. In the past, the catching of whales was essential since whale oil was a principal form of fuel used for illumination and lubrication. Our museum in New Bedford is dedicated to preserving the lore and culture of that era. In Plymouth, the emphasis will be on the need to understand and to preserve the worldwide population of whales."

Mr. Zane said that two world-renowned experts have been retained to oversee the creation of an exciting and educational series of exhibit. Michael Sand, known for his work at the Plimoth Plantation, National Aquarium in Baltimore, Boston Museum of Science, as well as the new Mystic Marine

Life Aquarium in Mystic, has been selected as designer of the facility. Richard Ellis, noted marine artist and recognized expert on whales and environmental issues, will collaborate on content and design.

George E. Connett, President of the Old Dartmouth Historical Society, credits Stanley Brown, proprietor of the Governor Bradford Motor Inn in Plymouth, with suggesting that the Whaling Museum create the Center, and Brooks Kelly, Executive Director of the Plymouth County Development Center, with giving invaluable support and guidance.

The Center will be located in an existing building of approximately 3,500 square feet just off Water Street and within sight of Plymouth Rock and Mayflower II to the south and the whale watching fleet to the north. The building, an old mill, will be leased from the Governor Bradford Motor Inn.

Commenting on the announcement, Brooks Kelly said, "The proposed Whale Preservation Center will be a welcome addition to the attractions of the Plymouth waterfront area. Thousands of visitors come each year to enjoy the whale watch tours leaving from the Town Wharf, and this new facility will encourage even more persons to learn about these extraordinary creatures. We welcome the Whale Preservation Center and all it means to Plymouth County."

Remodeling of the building is expected
